Southwest
District*

Pacific Southwest
District
LREDA Chapter

You're Invited!

We cordially invite you to become a member of the local chapter of LREDA.

PSWD LREDA, a chapter of the continental association of LREDA, seeks to promote the support and development of religious education professionals in our district.

The chapter offers the following services to chapter members:

Peer

Partner

Program:

A chance for newly hired religious professionals to be paired with more experienced partners for the purpose of information sharing and encouragement through that sometimes overwhelming first year. Open to all religious educators regardless of LREDA affiliation.

Cluster

Discussion/

Support

Groups:

Four geographically located clusters which

meet with varying regularity to share ideas and to support members. Any cluster meeting is open to any LREDA chapter member. Current groups are located in San Diego, Long Beach, Santa Barbara, and Arizona/Nevada which meets in Phoenix.

Professional

Days

retreats:

Three per year: one in the fall, one together with our ministerial colleagues the last week of January, and one just prior to District Assembly. These offer opportunities for rest and relaxation, along with elements of continuing education.

Good

Offices

Service:

As a member of LREDA you are able to use the services of any LREDA Good Officer (GO). Good Officers assist in problem situations by gathering information, raising questions, sympathetic listening and counsel, providing referrals if necessary, and helping to identify reasons and solutions. We have one GO located in our district, Tamara Casanova.

We hope that you will join us in these great opportunities and let us know of things that you would like to see in the future. Membership in the district chapter is required for participation in our events, with the exception of one year of the Peer Partner Program.

We are asking current LREDA members of continental association of LREDA to join the local chapter, so that we may continue working on local services and training opportunities. Our chapter membership dues are \$25 and are used exclusively to offer training and scholarships for chapter members. We are also seeking input as to what services religious educators in the district are interested in, and the membership dues will help provide those services. Please help us to make our local LREDA chapter vibrant and sustaining.

To join, fill out the membership form on this brochure and send a check or money order for \$25 (payable to PSWD LREDA) and mail to address on back of flyer.

We welcome you and invite you to join us!!
