

Statement of Intent

Partners in Unitarian Universalist History and Heritage has been created as an umbrella organization of groups devoted to Unitarian Universalist history and heritage, for purposes of providing support, resources, and advocacy to each group as needs arise, and to work together on aspects of administration and content that can be supported by collaborative work. Within this partnership, each organization will maintain its own distinct identity, goals, and methods of organization and operation.

This new partnership will enhance the dissemination of information to the larger Unitarian Universalist movement, and it will provide support for research and preservation to congregations, to religious professionals, and to scholars of Unitarian Universalist history.

Partners in Unitarian Universalist History and Heritage

Universalist Heritage Foundation

The Universalist Heritage Foundation educates future generations in the Universalist tradition, continues to put forth the Universalist message as an agent of hope for a fractured world, and celebrates and preserves the rich legacy of Universalist faith.

Unitarian Universalist Women's Heritage Society

The mission of the Unitarian Universalist Heritage Society is to reclaim, communicate, and celebrate the lives and accomplishments of Universalist and Unitarian women, and to engage local congregations in the recovery of women's history, so that we may draw courage and inspiration from our heritage, and our foremothers may take their rightful place in the ongoing story of Unitarian Universalism.

Unitarian Universalist Religious Education History Group

The Unitarian Universalist Religious Education History Group encourages study of religious education among Unitarian Universalist ministerial and religious education credentialing students, and encourages the study of Unitarian, Universalist, and Unitarian Universalist religious education history and publication of research.

Unitarian Universalist Historical Society

The Unitarian Universalist Historical Society supports research and scholarship in various fields of historical interest and provides programs and publications for the benefit of students, scholars, and others committed to promoting and preserving our Unitarian Universalist heritage.
